

TIMBER CLADDING

PRICE LIST

JANUARY 2026

The Larch Cladding Company proudly stands as the UK's leading supplier of high-quality, sustainable and locally sourced timber cladding. Renowned for exceptional craftsmanship and innovation, we provide tailored solutions for construction projects and outdoor spaces designed to blend with the natural environment.

TIMBER CLADDING

Our price list features our most popular sizes of Douglas fir, larch and cedar. Standard lengths are 2.4m and 3.6m. We can cut any length, up to a maximum of 3.6m (additional charges apply). Rough sawn and planed battens and posts are also available to suit your specific requirements.

CHARRED CLADDING

Charred cladding is offered in three depths: light, medium and deep. Prices fluctuate based on the desired depth of char and are available on request.

COATED CLADDING

For coated finishes, we collaborate with a reputable third-party specialist in timber coatings. We oversee the entire process, from order placement to delivery, ensuring that the final product meets your exact requirements. The coatings we offer include fire-resistant treatments, taking the cladding from Euro Class D/E to Class B, UV protection, and a variety of colours such as anthracite, grey and oxide red. Prices available on request.

Trade prices are available upon request.
